

Privacy Policy

Welcome to Earthstory (the “App”), published by Stratos Perception LLC (“Us”, or “We”). Your privacy is important to Us.

Our privacy policy is available for future inspection at www.earthstory.co/privacypolicy.

While a primary utility of Earthstory is location and information sharing, the information available in the Earthstory community exists primarily in only two forms:

1. Posts

- These are the posts that you make and that are generally intended to be shared with the widest possible audience.

Such posts necessarily contain location information, as the intent of the App is to provide you a means to publish your personal experiences at locations that you select.

Accordingly, when you receive a post you may surmise, as intended, that the person posting the message visited the location on the date and time displayed in the post and directly witnessed and experienced the content photographed. Conversely, other users will surmise the same from your posts.

2. Sparse Profile Information

- Your profile information is minimal, composed of your username, Source-name (or nickname), a headshot portrait, and any limited additional descriptions that you want to share.

To protect your privacy we do not collect or aggregate personal information from the Earthstory community. That is:

1. We do not collect or asked you for demographic data (e.g. gender, schools, religion, race, etc.)
2. We do not collect and aggregate behavioral information, i.e. what you click, who you communicate with, etc.

By not collecting or aggregating personal data, including behavioral data, such information is simply not available for sale or to otherwise disperse to advertisers or any other groups that may want to exploit such information for targeting purposes.

We have a two fundamental privacy principles guiding our App:

1. We do not ask for your personal information unless we truly need it.
2. Beyond the direct services and expressed intent of the Earthstory app, we do not share your personal information with anyone except to comply with the law, protect your rights, or to protect our rights.

Privacy Policy Changes

We may change our Privacy Policy from time to time, and at our sole discretion. We encourage you to frequently check this Privacy Policy concerning the App at www.earthstory.co/privacypolicy for any changes. We will notify you via the App on your device when there may be changes to the Terms and Conditions and this privacy policy. Your continued use of the App after any change in this Privacy Policy will constitute your acceptance of such change.
